THREE GLOBAL GOALS

GLOBAL YOUTH PROJECTS & AWARDS

A PIONEERING INITIATIVE FOR SCHOOLS & YOUTH

WWW.ROUNDTABLE.GLOBAL

OUR MISSION

To create the largest global collaboration for youth empowerment and development the world has ever seen.

The Three Global Goal Youth Projects & Awards supports and showcases extraordinary young people aged 11-17 around the world who are leading inspirational projects for a positive impact. Our online global talent bank offers opportunities for creation, collaboration and celebration between young people and forward-thinking organisations.

Our award categories are based on our Three Global Goals:-

- 1] Educational Innovation - projects to innovate educational content and delivery
- 2] Empowering Everyone - projects to empower, include and develop
- 3] Environmental Rejuvenation - projects to restore and rejuvenate the planet

THREE GLOBAL GOAL PROJECTS & AWARDS

Are your students ambassadors for change? The United Nations Sustainable Development Goals are a priority for everyone if we are to go 'beyond sustainability' and reverse the impact we are having on our planet. The Global Youth Awards have been supporting young people to do just that since 2012.

The belief that age is a limiting factor in creating global change has been proven time and again to not be true. This is why we have sought out and rewarded youth pioneers for creating change in our Three Global Goals of Educational Innovation, Empowering Everyone and Environmental Rejuvenation. We believe these encompass all of the UN Sustainable Development Goals and are an easier and inclusive way of capturing the imagination and therefore the creative passion of youth wanting to get involved.

Having sought out inspiring youth doing incredible things we have come to realise that every young person has the ability to create change in the world when they have passion and purpose. We believe in YOUTH.

We would like to invite your school or organisation to participate in the biggest ever Global Youth Awards call to action with a Project For Change. The projects can run along any theme as long as they fit with the RoundTable Global Three Global Goals.

Why Get Involved?

We all want to shine a light on the amazing things that young people are doing to make a difference. Bringing the Three Global Goals into your school or organisation provides an opportunity to do that with external support, global connectivity and access to materials, resources and examples that make this as effortless as possible for you.

Every project registered will automatically be nominated for one of our Global Youth Awards which are free to enter and can be individual, delivered by groups or as an entire school project. Enabling your young people to share their ideas and innovations to inspire other people around the world.

In this document we have provided some exciting examples to inspire you with what is possible and links to existing projects that can be replicated or scaled up in partnership with our previous winners.

The Three Global Goal Projects and Awards have been created to provide opportunities for young people aged 11-17 to tap into creativity, imagination and play while delivering something that gives them a sense of pride and empowers them to make a difference in their local community.

They enable young people to step courageously into leadership action and to become inspiring role models for change. The Global Goal Projects can be delivered in alignment with the current curriculum or as extra curricular projects.

THE GLOBAL YOUTH AWARDS

As an organisation we are striving to become pioneers for change by giving our young people not just a voice, but a platform to showcase their projects and inspire real change in the world. The Global Youth Awards is not just about celebrating the extraordinary achievements of our youth, it is more than that. It is about providing young people the opportunity to network with like minded individuals that can inspire, support and collaborate on projects as well as accessing incredible mentors that are already making headway to change the world.

Each of our winners will be invited to join the RoundTable Global Youth Ambassador team for a period of 12 months. They will be given access to the Shine Online Empowerment Programme for personal development and also the opportunity to be added to our online Global Talent Bank to harness support for future projects. We will provide additional mentoring and support to accelerate growth and overall group winners will be offered a free two day empowerment programme delivered by The RoundTable Global award winning leadership and development team.

PROJECT & AWARD CATEGORIES:

Educational Innovation | Empowering Everyone | Environmental Rejuvenation

Each of the Three Global Goals will have the following categories:

1. Leadership - Demonstration of Leadership
2. Innovation - Most Imaginative Project
3. Change - Most Impactful Project

Global Youth Award Events will be held in Dubai, Singapore, Switzerland, London, Los Angeles, Cape Town and any other identified global hubs for nominations. We are actively seeking partners, collaborators and funders for these events.

THE GLOBAL GOAL PROJECTS

The Three Global Goal Youth Project & Awards is a non-profit collaboration focused on providing an inspirational platform for young agents of change to showcase their Three Global Goal Projects.

To do this we have created a non-competitive global community of like-minded schools, organisations and enterprises that are passionate about youth empowerment and development. A community led by our Global Youth Ambassadors providing support, resources and materials to youth project award nominees.

If your school or organisation would like to get involved with the Three Global Goal Projects and Awards please email tanith@roundtable.global or visit www.RoundTable.Global for more details. Participating schools will need to register no later than 15th February 2019 and will then have two terms to work on their projects.

Project timelines can be tailored and bespoke for each registered member school or organisation and we will work in partnership with you to create a structure for this that fits with existing curriculum and strategic objectives. Once registered you will have access to the following resources and learning solutions to support delivery of the projects. We can also coach and mentor your internal team if required.

Materials & Resources Provided

Once registered you will be given access to the RoundTable Connect online platform which contains the following materials and resources for delivering the Three Global Goal Projects:

- Case study examples with web links
- Registration form
- Ideas and suggestions for new projects
- Step by step guide for project creation and delivery
- Promotional flyers to download and print
- Link to an introductory video that can be shown in assemblies
- Three Global Goals event pack to help create ideas
- Social media handles and hashtags
- Global Youth Awards Snapchat filter and profile frame for Facebook
- Letter for parents explaining what they are getting involved with including event dates per region
- Certificates to give to all participating children regardless of winning

Learning Solutions to Support

In addition to the above we also have specific face to face and online empowerment and leadership training programmes that we can deliver for your leadership teams, teachers, the parents and the students. These are not mandatory but for schools actively wanting to change mindset and unlock leadership and personal potential in a non traditional way, these unique programmes are exciting ways to do that. Please let us know if you would like to receive more information. We can work with you to find funding for this additional support and will also consider applications for free access to the online learning where relevant.

ROUNDTABLE CONNECT

A Talent Bank for Inspiring Global Change

The Global Youth Projects & Awards is a collaboration that enables the sharing of ideas and resources, creating a truly global network and talent bank of inspiring change makers and innovative projects.

All global award winners will have their projects featured on the RoundTable Connect virtual community, enabling them to share their ideas and innovations with other young people and also to inspire organisations and enterprises to offer resources, support and funding to scale.

We intend for RoundTable Connect to be the 'go to' community for anyone who is looking for extraordinary youth talent and inspiration to act.

RoundTable Global believe that these are the people and projects that we should be focusing our time and energy on. Inspirational and exciting initiatives that are truly making a difference and that with support to scale, have the potential to influence the global eco-system and harmonize humanity.

For more details and to be inspired by our previous winners please register at RoundTable Connect:

WHAT ARE THE THREE GLOBAL GOALS?

The Three Global Goals were inspired and created through ten global 'Finding Balance' Summits that we delivered in the UK, UAE, USA and Asia in 2017. Each Summit brought together 150 individuals from three generations to identify and find solutions for the major challenges we are currently facing.

Working with inspirational leaders in historic venues our immersive, experiential Summits captured the imagination of everyone who attended and forged cross generational collaborations for change. Overwhelmingly, regardless of culture and generation, the consensus was that if we focus our collective global energies on education, empowerment and the environment, we can change the world.

This was the start of the Three Global Goals which we then decided to incorporate into absolutely everything that we do. More details on what we mean by these goals is below and we are keen to help you to identify what they mean to you and your young people and how you can align them with your strategic objectives.

1.Educational Innovation

The current education system has been in place for 200 years. Although powerful, like everything else in life, it needs to continuously evolve to be able to provide the mindset, knowledge and development for the next generation to thrive. The Educational Innovation Goal is an opportunity to find out from our young people, their ideas on providing innovative additional learning opportunities to the current curriculum as well as different styles of leading and teaching. This goal recognises that every single person on this planet is a unique individual with different passions and learning styles. It is an attempt to authentically unlock potential and create a learning community that works for everyone. It also provides an opportunity to transcend current educational issues and labels such as bullying, mental health, gender confusion and sexual orientation.

2.Empowering Everyone

We live in a global society that is constantly dividing us by what we have, know, believe in and where we live. The Empowering Everyone goal is a focus on providing equal, inclusive access to knowledge, materials, personal development and opportunities to everyone regardless of gender, ethnicity, faith, age, ability, orientation or location. It has been created in the understanding that we are all one tribe of humans and we exist on this planet to connect, learn and share. Empowering Everyone to take 100% responsibility for what they are creating on a daily basis and enabling them to create opportunities to contribute to change.

3.Environmental Rejuvenation

The world is changing at an exponential rate and if we want to continue to exist on this planet we need to go Beyond Sustainability and focus on restoring and rejuvenating the global eco-system. The Environmental Rejuvenation goal intends to create awareness of the environmental impact we are having as a species and inspire everyone to take individual and collective action. Conscious consumerism, choices in what we eat and care-taking for the other living organisms and species on this planet are all important focuses for this goal. It is our responsibility to ensure that future generations can not only survive but thrive.

INSPIRING EXAMPLES

ONE GLOBAL YOUTH

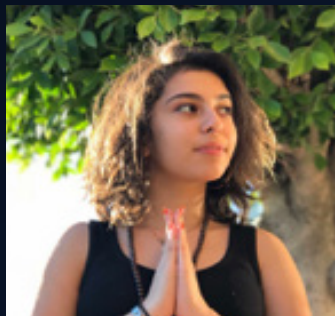

GLOBAL YOUTH CHANGE AMBASSADORS

Every young person who receives a Global Youth Award will be given an opportunity to join our network of 102 Global Change Ambassadors representing 26 different countries. We will also provide them with coaching, mentoring and access to all of our events and personal empowerment programmes.

GLOBAL YOUTH AWARDS 2020

All award winners will have the opportunity to join the planning committee and judging panel for the awards in the following year as a way of passing on the baton and proving inspiration for the next generation.

EDUCATIONAL INNOVATION

LEADERSHIP

Natalie Asatryan - At 13 is the youngest yoga teacher in America and is using the power of yoga to create positive change in the world. She teaches donation based classes throughout the country, and has raised thousands of dollars to support the Red Cross and the Unstoppable Foundation whom she is helping to build a school in Kenya.

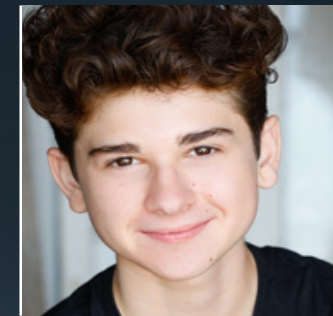

EMPOWERING EVERYONE

LEADERSHIP

Lulu Cerone, Jasper Cerone and Madi Stein - LemonAid Warriors are making an impact by making social activism a part of our social lives. In 7 years, their PhilanthroParty Planning Guides have helped raise over \$150,000 for local and global causes and inspired over 4000 hours of volunteer service. Their action plans have been downloaded over 165,000 times and inspired hundreds of PhilanthroParty events worldwide.

ENVIRONMENTAL REJUVENATION

LEADERSHIP

Jax Malcolm is an Actor/Director/Writer and award winning filmmaker and a founding member of Heal the Bay's Hollywood Ambassador Board. He works closely with Heal the Bay's Santa Monica Pier Aquarium and their children's initiatives. Jax stars in the award winning series Conservation Invasion that teaches environmental stewardship to children.

INNOVATION

Callum Daniel is the founder and CEO of ICODEROBOTS - <http://www.icoderobots.com/>. His motivation for setting up this company is to make robotic classes affordable and fun, so other children get a chance to experience the happiness he does, and the skills and self-esteem he gains making and coding robots.

INNOVATION

Callie Smith was diagnosed with Bipolar 2 Disorder at the age of 15 and spent two years battling depression, self harm, and suicidal tendencies. After I received her diagnosis she became an advocate for mental health and in 2017, launched a blog called "Callie's Journey to Joy," to raise awareness for mental illness and provide a source of hope for others who are battling mental illness.

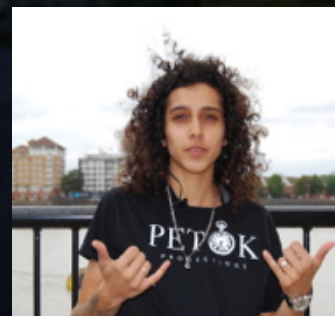

INNOVATION

Kids Against Plastic - Amy and Ella Meek founded their campaign and educational charity in 2016, after learning about the UN's Global Goals and taking seriously the need for everyone to do their bit. Over the last two years have worked hard to inspire school children, engage politicians, business leaders and academics, and to motivate families, cafés, businesses and people to become Plastic Clever.

CHANGE

Amirah Akpan is an educational activist for change for young people. At 18 she was crowned Miss Teen Africa and has used this platform to start a project called 1000 Books collecting books to open libraries throughout Nigeria and hopefully throughout the whole of Africa. She also runs You Go Girl Foundation

CHANGE

Pembe Tolkuhan has provided incredible insight into the lives of young people making strong arguments for justice for those who have lost their lives due to police contact and also to help raise money for young people who have died as a result of youth violence. She has helps those who have lost loved ones due to youth violence by organising fundraising events to put money towards the young people's funerals and grave stones.

CHANGE

Sam Patchitt and his team created YellowLabel which is a mobile phone app that both reduces supermarket food waste and allows those on a lower income access to edible foods at a reduced price. The app works in association with supermarkets by identifying and advertising foods that have been given the yellow reduction label.

ROUNDTABLE GLOBAL

RoundTable Global is an international award winning learning and development organisation passionate about making a difference in the world. This is why we use the profits from our leadership, innovation and change programmes to fund our global philanthropic aims.

We are experts in redefining corporate cultures and global communities, in unlocking potential in people and helping to release from fears and self limiting beliefs. We use this expertise to bring the creative and corporate worlds together for mutual benefit and learning, delivering empowerment programmes that further our three Global Goals.

This is our contribution to creating restorative, inclusive change in the world.

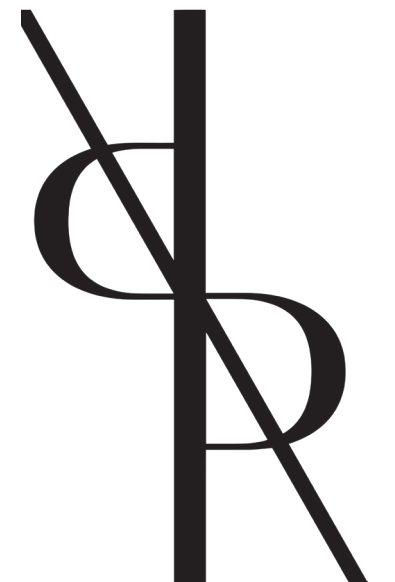

OUR CHARITY

Legacy Project is the UK registered charity arm of RoundTable Global and has been focused on unlocking potential in young people since 2010. In the last 8 years we have worked with 1000's of youth in the UK, USA, UAE, Japan, Switzerland, Ethiopia, South Africa and Thailand delivering coaching and mentoring to develop leadership skills, personal empowerment and confidence.

To do this we have empowered the youth to imagine, create and deliver Three Global Goal projects in their local communities that truly make a difference. Working with schools, charities, local governments and organisations, we support the youth to identify issues and challenges that they are passionate about creating solutions for and help them to develop the skills and mindset to be able to innovate projects and source the materials and knowledge needed to deliver them.
